

MARINE

Luxury Silk

R A S H I D

Step into a world where colour meets luxury with Marine Silk, an unstitched collection that celebrates timeless femininity and refined elegance. Each ensemble is crafted with care, blending modern design with the everlasting charm of floral artistry. The Digitally Printed Luxury Silk shirt is the centerpiece, adorned with graceful floral motifs and a vibrant palette inspired by blooming gardens and serene coastal tones.

The Soft Tissue Silk dupatta adds an ethereal touch, its delicate texture catching the light with every movement, while the Premium Cotton Satin dyed trouser completes the look with effortless comfort and sophistication.

Marine Silk is more than just fabric; it's an experience of colour, comfort, and confidence. A testament to Rashid Textile's mastery of digital printing, this collection brings art to fashion and elegance to everyday wear, making every piece a canvas of beauty and expression.
